**REPORT OF AUDIT OF FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the Borough Council  
Borough of Bellmawr  
Bellmawr, New Jersey 08031

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Borough of Bellmawr, in the County of Camden, State of New Jersey, as of December 31, 2022 and 2021, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

#### ***Unmodified Opinions on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Borough of Bellmawr, in the County of Camden, State of New Jersey, as of December 31, 2022 and 2021, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the year ended December 31, 2022, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

#### ***Adverse Opinion on Accounting Principles Generally Accepted in the United States of America***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America* section of our report, the accompanying financial statements referred to above do not present fairly the financial position of the Borough of Bellmawr, in the County of Camden, State of New Jersey, as of December 31, 2022 and 2021, or the results of its operations and changes in fund balance for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions on Regulatory Basis of Accounting***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America***

As described in note 1 to the financial statements, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

***Emphasis of Matter******Change in Accounting Principle***

As discussed in note 1 to the financial statements, during the year ended December 31, 2022, the Borough adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. The adoption of this new accounting principle resulted in material note disclosure. As a result of the regulatory basis of accounting, described in the previous paragraph, the implementation of this Statement only required financial statement disclosures. Our opinions are not modified with respect to this matter.

***Consistency of Financial Statements***

Because of the implementation of GASB Statement No. 87, the Borough has determined that lease agreements in which they are the lessor have now been disclosed in accordance with the Statement (note 6). In addition, the Borough has determined that lease agreements in the prior year formerly disclosed as operating leases have now been disclosed in accordance with the Statement (note 14). Our opinions are not modified with respect to these matters.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

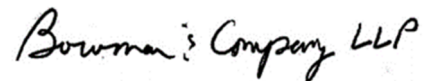

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The accompanying supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and is also not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplemental statements and schedules, and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2023 on our consideration of the Borough of Bellmawr's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Bellmawr's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Bellmawr's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the Borough Council  
Borough of Bellmawr  
Bellmawr, New Jersey 08031

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the Borough of Bellmawr, in the County of Camden, State of New Jersey, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements, and have issued our report thereon dated September 8, 2023. That report indicated that the Borough of Bellmawr's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting principle and an additional paragraph on the consistency of financial statements resulting from the new accounting principle.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

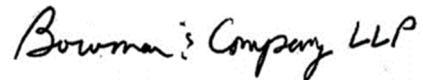

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and state awarding agencies and pass-through entities, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**BOROUGH OF BELLMAWR**  
Notes to Financial Statements  
For the Year Ended December 31, 2022

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Description of Financial Reporting Entity** The Borough of Bellmawr (hereafter referred to as the "Borough") was incorporated as a Borough by an act of the New Jersey legislature in March 1926. The Borough, located in Camden County, New Jersey, has a total area of approximately three square miles, and is located approximately ten miles southeast from the City of Philadelphia. The Borough borders the Boroughs of Barrington, Brooklawn, Haddon Heights, Mount Ephraim, Westville, the Township of Deptford, and the City of Gloucester City. According to the 2020 census, the population is 11,707.

The Borough is governed under the Mayor-Council form of government, with a six-member Council. The Council is elected by popular vote to three-year terms. The Mayor is elected by the general election to serve a four-year term. The Mayor is the chief executive and the Council is the legislative body of the government.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** - The financial statements of the Borough contain all funds and account groups in accordance with the *Requirements of Audit* (the "*Requirements*") as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the Borough accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

**Current Fund** - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

**Trust Funds** - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

**General Capital Fund** - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

**Water Utility Operating and Capital Funds** - The water utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned water operations.

**General Fixed Asset Group of Accounts** - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Budgets and Budgetary Accounting** - The Borough must adopt an annual budget for its current and water utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements.

**Cash, Cash Equivalents and Investments** - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded. Investments recorded in the trust fund for the Borough's length of service awards program, however, are stated at fair value.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Borough requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**General Fixed Assets** - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The Borough has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Borough is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the Borough's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

**Utility Fixed Assets** - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment, improvements, and contributed capital.

**Foreclosed Property** - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason, the value of foreclosed property has not been included in the general fixed asset group of accounts. If such property is converted to a municipal use, it will be recorded in the general fixed asset group of accounts.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

**Liens Sold for Other Governmental Units** - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

**Fund Balance** - Fund balances included in the current fund and water utility operating fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Borough's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budgets of the County of Camden, the Borough of Bellmawr School District and the Black Horse Pike Regional High School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

**School Taxes** - The Borough is responsible for levying, collecting, and remitting school taxes for the Borough of Bellmawr School District and the Black Horse Pike Regional High School District. Operations is charged for the full amount required to be raised from taxation to operate the local and regional school districts for the period from January 1 to December 31.

**County Taxes** - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Camden. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each year. Operations is charged for the amount due to the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

**Reserve for Uncollected Taxes** - The inclusion of the "reserve for uncollected taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediately preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local Improvement", i.e., assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

**Compensated Absences and Postemployment Benefits** - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

**Impact of Recently Issued Accounting Principles****Recently Issued and Adopted Accounting Pronouncements**

The Borough implemented the following GASB Statement for the year ended December 31, 2022:

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to measure and disclose a lease liability and a lessor is required to measure and disclose a lease receivable; thereby enhancing the relevance and consistency of information about governments' leasing activities. As a result of the regulatory basis of accounting previously described in note 1, the implementation of this Statement only required financial statement disclosures. There exists no impact on the financial statements of the Borough.

Because of the implementation of GASB Statement No. 87, the Borough has determined that lease agreements in which they are the lessor are now disclosed in accordance with the Statement (note 6). In addition, the Borough has determined that lease agreements in the prior year formerly disclosed as operating leases are now disclosed in accordance with the Statement (note 14).

**Recently Issued Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) has issued the following statements that have effective dates that may affect future financial presentations:

Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The Statement will become effective for the Borough's year ending December 31, 2023. As a result of the regulatory basis of accounting previously described in note 1, this Statement will have no impact on the financial statements of the Borough, however management is currently evaluating whether or not this Statement will have an impact on the financial statement disclosures of the Borough.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Impact of Recently Issued Accounting Principles (Cont'd)****Recently Issued Accounting Pronouncements (Cont'd)**

Statement No. 101, Compensated Absences. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement will become effective for the Borough in the year ending December 31, 2024. As a result of the regulatory basis of accounting previously described in note 1, this Statement will have no impact on the financial statements of the Borough, however management is currently evaluating whether or not this Statement will have an impact on the financial statement disclosures of the Borough.

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the Borough's deposits might not be recovered. Although the Borough does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of December 31, 2022, the Borough's bank balances of \$12,192,199.71 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 11,299,646.16
Uninsured and Uncollateralized	<u>892,553.55</u>
Total	<u>\$ 12,192,199.71</u>

**Note 6: LEASES RECEIVABLE**

The Borough, as lessor, has entered into the following leases which meet the requirements of GASB 87:

**Cell Towers Leases** – From 1993 to 2015, the Borough entered into eight lease agreements of varying durations (including options to extend the lease terms) with various vendors and their successors for the lease of cell towers with incremental borrowing rates ranging from 0.32% to 1.68%. The agreements are currently with three different cell service providers. Based on the agreements, the Borough is receiving payments of varying amounts on a monthly basis through July 31, 2065.

Under the provisions of GASB 87, as of December 31, 2022, the balance of the lease's receivable is \$4,077,581.63. As a result of the regulatory basis of accounting previously described in note 1, such balance is not recorded on the Statements of Assets, Liabilities, Reserves and Fund Balance - Regulatory Basis of the current fund.

The following is a summary of the leases as of December 31, 2022:

<u>Lease Description</u>	<u>Lease Receivable</u>	<u>Lease Revenue</u>	<u>Lease Interest Revenue</u>
Cell Towers	<u>\$4,077,581.63</u>	<u>\$203,251.20</u>	<u>\$39,800.38</u>

Under the provisions of GASB 87, for the year ended December 31, 2022, the Borough would have recognized \$161,418.28 in a reduction of lease receivable and \$39,800.38 in interest revenue related to the leases. In addition, \$203,251.20 would have been recognized as both lease revenue and a reduction in deferred inflows of resources related to leases.

As a result of the regulatory basis of accounting previously described in note 1, the rental payments collected of \$187,698.38 were reported as revenue in the current fund.

**Note 7: FUND BALANCES APPROPRIATED**

The following schedules detail the amount of fund balances available at the end of the current year and four previous years and the amounts utilized in the subsequent year's budgets:

**Current Fund**

	<u>                    </u>	<u>                    </u>
Totals	<u>\$ 1,002,025.11</u>	<u>\$ 1,002,025.11</u>

The interfund receivables and payables above predominately resulted from collections and payments made by certain funds on behalf of other funds. During the year 2023, the Borough expects to liquidate such interfunds, depending upon the availability of cash flow.

**Note 9: PENSION PLAN**

A substantial number of the Borough's employees participate in one of the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several Borough employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This Plan is administered by Empower (formerly Prudential Financial) for the New Jersey Division of Pensions and Benefits. Each Plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information and detailed information about the PERS and PFRS plans' fiduciary net position which can be obtained by writing to or at the following website:

**General Information about the Pension Plans****Plan Descriptions**

**Public Employees' Retirement System** - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan, which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Borough, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

**Police and Firemen's Retirement System** - The Police and Firemen's Retirement System is a cost-sharing multiple-employer defined benefit pension plan, which was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. The PFRS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PFRS is mandatory for substantially all full-time police and firemen of the Borough. The PFRS' Board of Trustees is primarily responsible for the administration of the PFRS.

**Defined Contribution Retirement Program** - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of P.L. 2007, c. 92 and P.L. 2007, c. 103, and expanded under the provisions of P.L. 2008, c. 89 and P.L. 2010, c. 1. The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

**Note 9: PENSION PLAN (CONT'D)****General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions**

**Public Employees' Retirement System** - The vesting and benefit provisions are set by N.J.S.A. 43:15A. The PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

**Tier Definition**

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Police and Firemen's Retirement System** - The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except disability benefits, which vest after four years of service.

The following represents the membership tiers for PFRS:

**Tier Definition**

- 1 Members who were enrolled prior to May 22, 2010
- 2 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 3 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

**Note 9: PENSION PLAN (CONT'D)****General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

**Defined Contribution Retirement Program** - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and non-forfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

**Contributions**

**Public Employees' Retirement System** - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate is currently 7.50% of base salary, effective July 1, 2018. The rate for members who are eligible for the Prosecutors Part of PERS (P.L. 2001, C. 366) is 10.0%. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

*Special Funding Situation Component* - Under N.J.S.A. 43:15A, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. One of such legislations, which legally obligate the State, is Chapter 133, P.L. 2001. This legislation increased the accrual rate from 1/60 to 1/55. In addition, it lowered the age required for a veteran benefit equal to 1/55 of highest 12-month compensation for each year of service from 60 to 55. Chapter 133, P.L. 2001 also established the Benefit Enhancement Fund (BEF) to fund the additional annual employer normal contribution due to the State's increased benefits. If the assets in the BEF are insufficient to cover the normal contribution for the increased benefits for a valuation period, the State will pay such amount for both the State and local employers.

The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

**Note 9: PENSION PLAN (CONT'D)****General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)****Public Employees' Retirement System (Cont'd)**

The Borough's contractually required contribution rate for the year ended December 31, 2022 was 14.49% of the Borough's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2022, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2022 is \$474,905.00, and is payable by April 1, 2023. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. For the prior year measurement date of June 30, 2021, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2021 was \$476,600.00, which was paid on April 1, 2022.

Employee contributions to the Plan for the year ended December 31, 2022 were \$251,836.26.

The amount of contractually required contribution for the State of New Jersey's proportionate share, associated with the Borough, under Chapter 133, P.L. 2001, for the year ended December 31, 2022 was 0.36% of the Borough's covered payroll.

Based on the most recent PERS measurement date of June 30, 2022, the State's contractually required contribution, under Chapter 133, P.L. 2001, on-behalf of the Borough, to the pension plan for the year ended December 31, 2022 was \$11,958.00, and is payable by April 1, 2023.

**Police and Firemen's Retirement System** - The contribution policy for PFRS is set by N.J.S.A 43:16A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate is currently 10.0% of base salary. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability.

**Special Funding Situation Component** - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

**Note 9: PENSION PLAN (CONT'D)****General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)****Police and Firemen's Retirement System (Cont'd)**

The Borough's contractually required contribution rate for the year ended December 31, 2022 was 34.75% of the Borough's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Based on the most recent PFRS measurement date of June 30, 2022, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2022 is \$785,177.00, and is payable by April 1, 2023. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. For the prior year measurement date of June 30, 2021, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2021 was \$753,159.00, which was paid on April 1, 2022.

Employee contributions to the Plan for the year ended December 31, 2022 were \$231,530.60.

The amount of contractually required contribution for the State of New Jersey's proportionate share, associated with the Borough, for the year ended December 31, 2022 was 6.78% of the Borough's covered payroll.

Based on the most recent PFRS measurement date of June 30, 2022, the State's contractually required contribution, on-behalf of the Borough, to the pension plan for the year ended December 31, 2022 was \$153,111.00, and is payable by April 1, 2023. For the prior year measurement date of June 30, 2021, the State's contractually required contribution, on-behalf of the Borough, to the pension plan for the year ended December 31, 2021 was \$115,402.00, which was paid on April 1, 2022.

**Defined Contribution Retirement Program** - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Borough contributes 3% of the employees' base salary, for each pay period.

For the year ended December 31, 2022, employee contributions totaled \$2,359.56, and the Borough's contributions were \$1,287.04. There were no forfeitures during the year.

**Note 9: PENSION PLAN (CONT'D)****Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions****Public Employees' Retirement System**

**Pension Liability** - As of December 31, 2022, there is no net pension liability associated with the special funding situation under Chapter 133, P.L. 2001, as there was no accumulated difference between the annual additional normal cost and the actual State contribution through the valuation date. The Borough's proportionate share of the PERS net pension liability was \$5,683,344.00. The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2022. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2022 measurement date, the Borough's proportion was 0.0376595492%, which was a decrease of 0.0030366678% from its proportion measured as of June 30, 2021.

**Pension (Benefit) Expense** - For the year ended December 31, 2022, the Borough's proportionate share of the PERS pension (benefit) expense, calculated by the Plan as of the June 30, 2022 measurement date was \$(614,052.00). This (benefit) expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2022, the Borough's contribution to PERS was \$476,600.00, and was paid on April 1, 2022.

For the year ended December 31, 2022, the State's proportionate share of the PERS pension (benefit) expense, associated with the Borough, under Chapter 133, P.L. 2001, calculated by the Plan as of the June 30, 2022 measurement date, was \$11,958.00. This on-behalf (benefit) expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1.

**Police and Firemen's Retirement System**

**Pension Liability** - As of December 31, 2022, the Borough's and State of New Jersey's proportionate share of the PERS net pension liability were as follows:

Proportionate Share of Net Pension Liability	\$ 6,910,455.00
State of New Jersey's Proportionate Share of Net Pension Liability Associated with the Employer	<u>1,229,858.00</u>
	<u>\$ 8,140,313.00</u>

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2022. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. For the June 30, 2022 measurement date, the Borough's proportion was 0.0603725300%, which was a decrease of 0.0042505555% from its proportion measured as of June 30, 2021. Likewise, at June 30, 2022, the State of New Jersey's proportion, on-behalf of the Borough, was 0.0603723800%, which was a decrease of 0.0042507238% from its proportion, on-behalf of the Borough, measured as of June 30, 2021.

**Note 9: PENSION PLAN (CONT'D)****Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)****Police and Firemen's Retirement System (Cont'd)**

**Pension (Benefit) Expense** - For the year ended December 31, 2022, the Borough's proportionate share of the PFRS pension (benefit) expense, calculated by the Plan as of the June 30, 2022 measurement date was \$74,755.00. This (benefit) expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2022, the Borough's contribution to PFRS was \$753,159.00, and was paid on April 1, 2022.

For the year ended December 31, 2022, the State's proportionate share of the PFRS pension (benefit) expense, associated with the Borough, calculated by the Plan as of the June 30, 2022 measurement date, was \$141,893.00. This on-behalf (benefit) expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1.

**Deferred Outflows of Resources and Deferred Inflows of Resources** - As of December 31, 2022, the Borough had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**Actuarial Assumptions**

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<b><u>PERS</u></b>	<b><u>PFRS</u></b>
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%

**Note 9: PENSION PLAN (CONT'D)****Actuarial Assumptions (Cont'd)****Public Employees' Retirement System**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

**Police and Firemen's Retirement System**

Pre-retirement mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

For both PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2022 are summarized in the table that follows:

<b><u>Asset Class</u></b>	<b><u>Target Allocation</u></b>	<b><u>Long-Term Expected Real Rate of Return</u></b>

**Note 9: PENSION PLAN (CONT'D)****Actuarial Assumptions (Cont'd)****Discount Rate -**

**Public Employees' Retirement System** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity would be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments to determine the total pension liability.

**Police and Firemen's Retirement System** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments to determine the total pension liability.

**Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Public Employees' Retirement System (PERS)** - The following presents the Borough's proportionate share of the net pension liability as of the June 30, 2022 measurement date, calculated using a discount rate of 7.00%, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	<b>1% Decrease <u>(6.00%)</u></b>	<b>Current Discount Rate <u>(7.00%)</u></b>	<b>1% Increase <u>(8.00%)</u></b>

**Note 9: PENSION PLAN (CONT'D)****Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate (Cont'd)**

**Police and Firemen's Retirement System (PFRS)** - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the Borough's annual required contribution. As such, the net pension liability as of the June 30, 2022 measurement date, for the Borough and the State of New Jersey, calculated using a discount rate of 7.00%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used, is as follows:

	<b>1% Decrease (6.00%)</b>	<b>Current Discount Rate (7.00%)</b>	<b>1% Increase (8.00%)</b>
Proportionate Share of the Net Pension Liability	\$ 9,481,890.00	\$ 6,910,455.00	\$ 4,769,722.00

**Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (benefit) expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 10: LENGTH OF SERVICE AWARDS PROGRAM**

**Plan Description** - The Borough's length of service awards program (the "Plan"), which is a defined contribution plan reported in the Borough's trust fund, was created by a Borough Resolution adopted on September 25, 2008 pursuant to Section 457(e)(11)(B) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the length of service award program as enacted into federal law in 1997. The accumulated assets of the Plan are not administered through a trust that meets the criteria of paragraph 4 of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*.

The voters of the Borough approved the adoption of the Plan at the general election held on November 4, 2008, and the first year of eligibility for entrance into the length of service awards program by qualified volunteers was calendar year 2008. The Plan provides tax deferred income benefits to active volunteer firefighters, and is administered by Lincoln National Life Insurance Company ("Plan Administrator"), a State of New Jersey approved length of service awards program provider. The Borough's practical involvement in administering the Plan is essentially limited to verifying the eligibility of each participant and remitting the funds to the Plan Administrator.

**Plan Amendments** - The Borough may make minor amendments to the provisions of the Plan at any time, provided, however, that no amendment affects the rights of participants or their beneficiaries regarding vested accumulated deferrals at the time of the amendment. The Plan can only be amended by resolution of the governing body of the Borough, and the following procedures must be followed: (a) any amendment to the Plan shall be submitted for review and approval by the Director of Local Government Services, State of New Jersey (the "Director") prior to implementation by the Borough's governing body, provided, however, that any amendment required by the IRS, may be adopted by the Borough's governing body without the advance approval of the Director (although such amendment shall be filed with the Director); (b) the documentation submitted to the Director shall identify the regulatory authority for the amendment and the specific language of the change; and (c) the Borough shall adopt the amendment by resolution of the governing body, and a certified copy of the resolution shall be forwarded to the Director. The Borough may amend the Plan agreement to accommodate changes in the Internal Revenue Code, Federal statutes, state laws or rules or operational experience. In cases of all amendments to the Plan, the Borough shall notify all participants in writing prior to making any amendment to the Plan.

**Contributions** - If an active member meets the year of active service requirement, a length of service awards program must provide a benefit between the minimum contribution of \$100.00 and a maximum contribution of \$1,150.00 per year. While the maximum amount is established by statute, it is subject to periodic increases that are related to the consumer price index (N.J.S.A. 40A:14-185(f)). The Division of Local Government Services of the State of New Jersey will issue the permitted maximum annually.

The Borough elected to contribute \$1,150.00 for the year ended December 31, 2022 per eligible volunteer, into the Plan, depending on how many years the volunteer has served. Participants direct the investment of the contributions into various investment options offered by the Plan. The Borough has no authorization to direct investment contributions on behalf of eligible volunteers nor has the ability to purchase or sell investment options offered by the Plan. The types of investment options, and the administering of such investments, rests solely with the Plan Administrator.

For the year ended December 31, 2022, the Borough's total expenditure to the Plan was \$12,650.00.

**Note 10: LENGTH OF SERVICE AWARDS PROGRAM (CONT'D)**

**Participant Accounts** - Each participant's account is credited with the Borough's contribution and Plan earnings, and charged with administrative expenses. For the year ended December 31, 2022, the Borough elected to pay substantially all of the Plan's administrative costs. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Borough has placed the amounts deferred, including earnings, in an account maintained by a third-party administrator for the exclusive benefit of the Plan participants and their beneficiaries. The contributions from the Borough to the Plan, and the related earnings, are not irrevocable, and such funds are not legally protected from the creditors of the Borough. These funds, however, are not available for funding the operations of the Borough.

**Vesting** - The Borough, in accordance with N.J.S.A. 40A:14-188 and N.J.A.C. 5:30-11.63 may make a yearly contribution to the length of service awards program account in the deferred income program for an active volunteer who has satisfied the requirements for receipt of an award, but the volunteer shall not be able to receive a distribution of the funds until the completion of a five year vesting period or be in accordance with changes to vesting conveyed through the issuance of a Local Finance Notice and/or publication of a public notice in the New Jersey Register, with payment of that benefit only being as otherwise permitted by the Plan.

**Payment of Benefits** - Upon separation from volunteer service, retirement or disability, termination of the Plan, participants may select various payout options of vested accumulated deferrals, which include lump sum, periodic, or annuity payments. In the case of death, with certain exceptions, any amount invested under the participant's account is paid to the beneficiary or the participant's estate.

In the event of an unforeseeable emergency, as outlined in the Plan document, a participant or a beneficiary entitled to vested accumulated deferrals may request the local plan administrator to payout a portion of vested accumulated deferrals.

**Forfeited Accounts** - For the year ended December 31, 2022, no accounts were forfeited.

**Investments** - The investments of the length of service awards program reported in the trust - other funds on the statements of assets, liabilities, reserves, and fund balance - regulatory basis are recorded at fair value.

**Plan Information** - Additional information about the Borough's length of service awards program can be obtained by contacting the Plan Administrator.

**Note 11: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS**

**Plan Description and Benefits Provided** - The Borough provides postretirement health care benefits through a health plan for retirees, which includes a medical, dental, and prescription plan. The Borough's provides a single employer post-employment healthcare plan, which is not administered through a trust that meets the criteria in paragraph 4 of the GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*, and covers the following retiree population: eligible retirees who retire from active employment with the Borough under the classification of Police and Sewer who have at least twenty-five (25) years of service with the Borough and who are at least sixty (60) years of age. The Plan is administered by the Borough; therefore, premium payments are made directly to the insurance carriers.

**Employees Covered by Benefit Terms** - As of December 31, 2022, the most recent actuarial valuation date, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	51
Active Employees	73
	<hr/>
	124

**Total OPEB Liability**

The Borough's total OPEB liability of \$21,812,547.00 was measured as of December 31, 2022 and was determined by an actuarial valuation as of December 31, 2022.

**Actuarial Assumptions and Other Inputs** - The following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5% Annually
Discount Rate	3.72%
Healthcare Cost Trend Rates:	
Medical	5.3% in 2022, reducing by 0.2% per annum, leveling at 4.5% per annum in 2026
Drug	6.5% in 2022, reducing by 0.5% per annum leveling at 4.5% per annum in 2026
Medicare Advantage	4.5% per annum
Dental and Vision	3.5% per annum
Retirees' Share of Benefit-Related Costs	Contribution rate in effect when they retire

The discount rate was based on the Bond Buyer 20 Index December 31, 2022.

Mortality rates were based on the PUB 2010 "General" classification headcount weighted mortality with generational improvement using Scale MP-2021.

An experience study was not performed on the actuarial assumptions used in the December 31, 2022 valuation since the Plan had insufficient data to produce a study with credible results. Mortality rates, termination rates and retirement rates were based on standard tables issued by Society of Actuaries. The actuary has used their professional judgement in applying these assumptions to this Plan.

**Note 12: COMPENSATED ABSENCES**

Borough employees are entitled to paid sick leave for a bona fide absence due to illness or an off-duty injury (not covered by workman's compensation) up to a maximum of twenty (20) days each calendar year based on length of employment in accordance with the following schedule:

<u>Completion of</u>	<u>Entitled to</u>
1 Year	5 Days
2 Years	7 Days
5 Years	10 Days
10 Years	12 Days
15 Years	20 Days

All unused sick leave may be carried from year to year not to exceed ninety (90) days.

Provisions of the union contract with the Police provides for the buyback of unused sick days at various rates according to length of service. Details of the plan may be obtained from the Borough. All other employees cannot return nor have any monetary payback for unused sick time.

All paid Borough employees working on a regular five (5) day a week basis who have been employed in the Borough for more than one year shall receive vacation time according to the following schedule, with the provision that vacation pay shall not be paid unless the employee actually takes vacation from his employ, and that vacation may not be accumulated from year to year.

<u>Completion of</u>	<u>Entitled to</u>
1 to 2 Years	5 Days
2 to 5 Years	10 Days
5 Years	15 Days
10 Years	18 Days
15 Years	20 Days
20 Years	25 Days

The Borough does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2022, accrued benefits for compensated absences are valued at \$99,372.35.

**Note 13: DEFERRED COMPENSATION SALARY ACCOUNT**

The Borough offers its employees a deferred compensation plan in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Borough or its creditors. Since the Borough does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Borough's financial statements.

**Note 14: LEASE LIABILITY AND LEASE ASSET**

The Borough, as lessee, has entered into the following leases which meet the requirements of GASB 87:

**Postage Machine** - The Borough is leasing one (1) postage machine with a total lease liability of \$17,479.49. The lease began on October 1, 2021 for a term of five years. The implied interest rate is based on the Borough's estimated incremental borrowing rate of 0.32%. The lease is not expected to be renewed at the expiration of the lease agreement. Based on this lease, the Borough is making payments through September 30, 2026. The Borough paid \$3,523.80 of lease payments during the year ended December 31, 2022 which were budgeted and paid from the current fund.

**Copiers** - The Borough is leasing two (2) copiers with a total lease liability of \$5,918.19. The leases began on July 1, 2020 and September 1, 2021 for terms of five and four years respectively. The implied interest rates are based on the Borough's estimated incremental borrowing rates of 1.05% and 0.32%, respectively. Based on these leases, the Borough is making payments through June 30, 2025 and August 31, 2025 respectively. The Borough paid \$1,378.44 of lease payments during the year ended December 31, 2022 which were budgeted and paid from the current fund.

**Building Space** - The Borough is leasing building space with a total lease liability of \$649,639.74. The leases began on November 1, 2021 for a term of ten years. The implied interest rate is based on the Borough's estimated incremental borrowing rate of 0.32%. Based on this lease, the Borough is making payments through October 31, 2031. The Borough paid \$66,000.00 of lease payments during the year ended December 31, 2022 which were budgeted and paid from the current fund.

Under the provisions of GASB 87, as of December 31, 2022, the balance of the lease liability is \$591,462.28, and balance of the related right to use leased assets have a balance of \$590,501.99. The leases are summarized as follows:

<b><u>Balance at December 31, 2022</u></b>		
<b><u>Description</u></b>	<b><u>Lease Liability</u></b>	<b><u>Lease Asset</u></b>
Mail Machine	\$ 13,133.54	\$ 13,107.44

**Note 16: ARBITRAGE REBATE**

The Tax Reform Act of 1986 placed restriction on investments of the proceeds of certain tax-exempt bonds issued after December 31, 1986. Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year. A bond year is defined, at the option of the issuing entity, as either the date of the first anniversary of bond settlement or the issuing entity's year end.

The Borough has the following bond issue outstanding that requires a rebate calculation:

<u>Bonds Issued</u>	<u>Issued General Capital Fund</u>	<u>Issued Water Utility Capital Fund</u>	<u>Total Issued</u>	<u>Liability</u>
July 30, 2020	\$ 6,843,000.00	\$ 6,445,000.00	\$ 13,288,000.00	(1)

- (1) The rebate calculation on these bonds is required to be made at least once every five years. It is anticipated that when such calculation is made, the liability, if any, will be appropriated in that year's general budget.

**Note 17: RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Joint Insurance Pool** - The Borough is a member of the Camden County Municipal Joint Insurance Fund. The Fund provides its members with the following coverage:

Workers' Compensation and Employer's Liability  
Liability other than Motor Vehicles  
Property Damage other than Motor Vehicles  
Motor Vehicles

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention, or administrative accounts to assure the payment of the Fund's obligations. The Fund provides the Borough with the following coverage:

Property - Blanket Building and Grounds  
Boiler and Machinery  
General and Automobile Liability  
Public Official Liability  
Employment Practices Liability

Contributions to the Fund are payable in an annual premium and is based on actuarial assumptions determined by the Fund's actuary. The Borough's agreement with the Pool provides that the Pool will be self-sustaining through member premiums and will reinsure through the Municipal Excess Liability Joint Insurance Fund for claims in excess of \$50,000.00 to \$200,000.00 based on the line of coverage for each insured event.

For more information regarding claims, coverages and deductibles, the Fund publishes its own financial report which can be obtained from:

Camden County Municipal Joint Insurance Fund  
9 Campus Drive, Suite 16  
Parsippany, NJ 07054-4412

**Note 18: INTERLOCAL SERVICES AGREEMENT**

On October 8, 1996 the Borough entered into an Interlocal Services Agreement with the County of Camden to lease land to the County for the construction of a regional County Library and a Borough Health Clinic. The County provided the funds for the construction of the library and the Borough funded the cost of construction for the Health Clinic. The lease term is for a period of 40 years, in an amount of \$1.00 per year, over the life of the ground lease.

**Note 19: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Borough expects such amount, if any, to be immaterial.

**Litigation** - The Borough is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Borough, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

**Note 20: CONCENTRATIONS**

The Borough depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Borough is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 21: SUBSEQUENT EVENTS**

**Authorization of Debt** - Subsequent to December 31, the Borough authorized additional bonds and notes as follows:

<b><u>Purpose</u></b>	<b><u>Adoption</u></b>	<b><u>Authorization</u></b>
<b>General Improvements</b>		
Various Capital Equipment and Improvements	05-25-23	\$ 995,600.00
<b>Water Utility Improvements</b>		
Ion Exchange Resin Filtration System	03-23-23	500,000.00
Various Capital Improvements	05-25-23	900,000.00

**COVID-19** - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Borough's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Borough is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for calendar year 2023.

**PART II**  
**SINGLE AUDIT**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY  
STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the Borough Council  
Borough of Bellmawr  
Bellmawr, New Jersey 08031

**Report on Compliance for the Major State Program**

***Opinion on the Major State Program***

We have audited the Borough of Bellmawr's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements identified as subject to audit in the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on the Borough's major state program for the year ended December 31, 2022. The Borough's major state program is identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

In our opinion, the Borough of Bellmawr, in the County of Camden, State of New Jersey, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended December 31, 2022.

***Basis for Opinion on the Major State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the audit requirements of State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Our responsibilities under those standards, and State of New Jersey Circular 15-08-OMB, are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the Borough's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Borough's state programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Borough's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards*; the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and State of New Jersey Circular 15-08-OMB, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Borough's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and State of New Jersey Circular 15-08-OMB, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Borough's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Borough's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control over Compliance

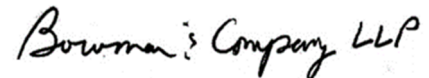

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

**BOROUGH OF BELLMAWR**

Notes to Schedule of Expenditures of State Financial Assistance  
For the Year Ended December 31, 2022

---

**Note 1: BASIS OF PRESENTATION**

The accompanying schedule of expenditures of state financial assistance (the "schedule") includes state award activity of the Borough of Bellmawr (hereafter referred to as the "Borough") under programs of the state government for the year ended December 31, 2022. The Borough is defined in note 1 to the financial statements. The information in this schedule is presented in accordance with the requirements of State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. All state awards received directly from state agencies, as well as state financial assistance passed through other government agencies, are included on the schedule. Because this schedule presents only a selected portion of the operations of the Borough, it is not intended to and does not present the financial position and changes in operations of the Borough.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the schedule are reported in accordance with the *Requirements of Audit* (the "*Requirements*") as promulgated by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and present expenditures on the modified accrual basis of accounting with minor exceptions as mandated by the *Requirements*. This basis of accounting is described in note 1 to the financial statements. Such expenditures are recognized following the cost principles contained in State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

**Note 3: RELATIONSHIP TO STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedule agree with the amounts reported in the related state financial reports.

**Note 4: MAJOR PROGRAMS**

Major programs are identified in the *Summary of Auditor's Results* section of the *Schedule of Findings and Questioned Costs*.
